System Requirements:

Subnautica is a game that I've been playing for a long time, both as a fan and as a player. My time with the game has been spent mostly in the water of the mysterious alien ocean. It's a world that has such a special place in my heart and I wanted to make it my canvas. I can't really think of another game that has so much to offer, both on an artistic level, and a gameplay level. As much as I enjoy the first person shooter genre, I like to think of myself as an
